

CorrosionForce II

A corrosion resistant IP65 proof fluorescent range for use in all atmospheres laden with salts acids and mineral oils

- Versión LED con una exclusiva óptica dual de luz.
- Good resistance to chemicals and corrosion (polycarbonate free)
- Su forma exclusiva y su diseño con palanca de descarga permite una limpieza fácil.
- Para facilitar y agilizar las tareas de mantenimiento, la bandeja portaequipo está simplemente colgada de unos enganches internos.

Material/ tipo

Canopy: glass-fibre reinforced polyester
 Diffuser: PMMA with linear prisms
 Gasket: expanded polyurethane
 Toggles: stainless steel
 Gear tray: steel, white enamelled finish

Instalación/ montaje

Cable entry positions at the back and each end of the fitting. Supplied with IP65 grommet. Stainless steel quick-fix brackets supplied with each luminaire. Stainless steel toggles are captive in the canopy to prevent loss during maintenance, and steel gear tray is retained by finger operated spring latches. BESA box and conduit mounting, chain suspension and catenary suspension kits, plus through wire kits are all available. LED version: through wiring end to end is not possible but looping in and out at one end is acceptable. LSOH cabling as standard.
