Material/ tipo

Body: Galvanised steel sheet pre painted white.

End caps: White impact resistant plastic (ASA).

Diffuser: Clear or opal plastic diffuser with refractors for best possible light distribution.

Instalación/ montaje

Mounting: Surface mounted, or suspended by wire, chain, suspension wire or brackets.

Both end caps has grommets Ø 19mm. Through wiring versions also have 2 cable entry holes Ø 19mm at the centre of the top of the luminaire (not 2 x 18 HF).
