THORN

Omega Moduline

A sustainable LED panel utilising replaceable modular linear LED light sources and driver for office and education applications. Each complete LED module can be easily replaced tool-free and offers a simple click-in mechanism, this allows a change of LED modules at end of life or the change of colour temperature or colour rendering if desired. A combination of deep cells with primary lenses provides high quality lighting with even light distribution and efficient glare control at very high brightness of the LED modules. Electronic, fixed output control gear. Class II electrical, IP20, Impact strength: IK03. Body: white mild sheet steel. LED module reflector finished in white. Suitable for recessed lay in grid ceilings as standard and when combined with additional accessories will allow installation in concealed ceilings, plasterboard ceilings, surface-mounted and suspended. All accessories need to be ordered separately. Rated median useful life: L90 50000 h at 25 °C. Colour Rendering Index min.: 80 Complete with 4000K LED.

Dimensions: 622 x 622 x 33 mm
Luminaire input power: 29.1 W
Luminaire luminous flux: 4400 lm
Luminaire efficacy: 151 lm/W
Weight: 2.65 kg

Este producto contiene una fuente luminosa de la clase de eficiencia energética D.

Los valores marcados con un * son valores de referencia. Thorn utiliza componentes de fiabilidad y que han pasado los tests de calidad. Sin embargo, la tasa de fallos de la electrónica puede dar lugar a algún fallo aislado de algún LED durante la vida útil del producto. Las normativas internacionales fijan la tolerancia del flujo inicial y carga asociada en $\pm 10\%$. Los valores son aplicables para una temperatura ambiente de 25 °C, a no ser que se indique de otro modo.

Los productos de Thorn Lighting están sujetos a un continuo desarrollo. Nos reservamos el derecho de planificar en nuestros productos sin publicaciones técnicas ni otras modificaciones formales.
