Los valores marcados con un \* son valores de referencia. Thorn utiliza componentes de fiabilidad y que han pasado los tests de calidad. Sin embargo, la tasa de fallos de la electrónica puede dar lugar a algún fallo aislado de algún LED durante la vida útil del producto. Las normativas internacionales fijan la tolerancia del flujo inicial y carga asociada en  $\pm 10\%$ . Los valores son aplicables para una temperatura ambiente de 25 °C, a no ser que se indique de otro modo.

Los productos de Thorn Lighting están sujetos a un continuo desarrollo. Nos reservamos el derecho de planificar en nuestros productos sin publicaciones técnicas ni otras modificaciones formales.
